## “AIRPLANES”

Would you love to build your very own model airplane, and then actually fly it? The science of flying is made simple and enjoyable when you take this new class and become a Hobby Quest Airplane Specialist.

In this STEM program, you will build the “Electric Falcon” free flight, lightweight electric plane and the masked Hero’s super cool helicopter “The Batman”. How far will yours go? How high will it climb? Why does it fly?

**Build it! Fly it! Keep it!**
